Introduction to the document

It is the intention of the Independent Body, Banking Competition Remedies Limited, that the application process for the Capability and Innovation Fund is simple and efficient.

This document includes three sections: important information you should read before submitting an application; the application form; and the business case template. On 1st November at 09:00 GMT, these documents will be made available within the CIF Application Tool (Scout RFP) for Applicant Companies to complete and submit their application.

Applicant Companies are permitted to **submit one application per pool**, however, within an application an Applicant Company is able to **apply for multiple grants**.

Within the business case section, there are questions where Applicant Companies applying for multiple grants are permitted to submit a longer response, or provide additional attachments. This is clearly signposted in the question text. Applicant Companies should describe the core elements of their proposal within the initial word limit and use the additional word count to specify variation to their response in respect of the different amounts.

The window for questions will open on 1st November at 09:00 GMT in the Scout Message Centre. Should an Applicant Company wish to raise a question before this date they are invited to email enquiries@bcr-ltd.com. It should be noted, however, that questions will not be responded to before 1st November and that all questions and responses will be shared with all Applicant Companies through the Scout Message Centre after this date.

Important information you should read before submitting an application

Background

In 2009, the European Commission (the “Commission”) approved a number of state aid measures granted to The Royal Bank of Scotland Group plc (“RBS”). This approval was given on the basis of a restructuring plan submitted by RBS and a number of commitments given by the UK Government in 2009 and subsequently amended in 2014, including, amongst other things, the divestment of a part of RBS’ branch-based retail and small and medium-sized enterprise (“SME”) business, which later became known as ‘Williams and Glyn’ (the “Divestment”).

As a result of considerable challenges in achieving the Divestment, the UK Government proposed substituting the 2014 commitments with a revised package of measures (the "Package") with the aim of achieving the objectives of promoting competition in the market for banking services to SMEs that lay behind this divestment. The Package was agreed in principle in July 2017 and formally approved by the Commission on 18 September 2017.

The Package consists of two elements:

Capability and Innovation Fund

The purpose of the Capability and Innovation Fund (“CIF) is to encourage eligible bodies to (i) develop and improve their capability to compete with RBS in the provision of banking services to SMEs; and (ii) develop and improve the financial products and services that are available to SMEs.

The CIF comprises a total of £425 million divided into four pools. The four pools each have a distinct purpose and are divided into a number of pre-determined grants.

Incentivised Switching Scheme

The purpose of the Incentivised Switching Scheme ("ISS") is to provide funding of up to a maximum of £275 million to eligible bodies, to use as incentives to encourage SME banking customers (with an annual turnover of £25 million or less), of the business previously described as Williams & Glyn, to switch their business current accounts and loans from RBS to the eligible bodies.

Banking Competition Remedies Ltd. is the name given to the Independent Body established to administer the CIF and ISS funds.

This section provides information for bodies interested in applying for funding from the **Capability and Innovation Fund Pool A**.

The following grants are available to Pool A bodies from the Capability and Innovation Fund:

(i) 1 x £120 million; (ii) 1 x £100 million; and (iii) 1 x £60 million;

Applicant Companies are permitted to **submit one application per pool**, however, within an application an Applicant Company is able to **apply for multiple grants**. An eligible body will only receive a maximum of one grant. If an eligible body wishes to be considered for more than one size of grant, the business case must set out how funds will be applied depending on the category of grant applied for.

Terms of Application

Except as otherwise provided, capitalised terms used in this application form shall have the meaning assigned to them in the Capability & Innovation Fund Terms and Conditions ("the Terms and Conditions")

By completing the Application Documents, the Applicant Company accepts:

- the Terms and Conditions and the Capability and Innovation Fund Agreement, including the undertakings, acknowledgements, representations and warranties set out therein, and confirms that, if awarded a grant it will enter into a Capability and Innovation Fund Agreement with the Independent Body. Links to the Terms and Conditions and the Capability and Innovation Fund Agreement can be found on the BCR website;
- that the eligibility criteria in Section 2 must be fully met without exception and with clear supporting evidence where requested;
- that the Independent Body shall have absolute discretion on the interpretation and application of the Terms and Conditions and that any determination or decision of the Independent Body in relation to any matter related to Capability and Innovation Fund shall be conclusive;
- that it shall have no claims or right of recourse against the Independent Body in respect of any determination or decision of the Independent Body except as explicitly set out in the Capability and Innovation Fund Agreement;
- that the Applicant Company is liable for the accuracy and completeness of information provided in their application;
- that the Application Documents must be approved by the Board of Directors (or equivalent body) of the Applicant Company and that proof of such approval in certified form must be submitted to the Independent Body with the Application Documents;
- that it is deemed to have knowledge of and be subject to and bound by the terms of the Trust Deed disclosed on the Independent Body's website and in particular the Applicant Company acknowledges the scope of the Independent Body's obligations set out in those terms and the protections they afford the Independent Body;
- that information received by the Independent Body may be published or disclosed in accordance with the access to information regimes (including under the Freedom of Information Act 2000, data protection legislation and the Environmental Information Regulations 2004). Applicant Companies should mark as confidential or commercially sensitive any information that they consider should be treated as such and explain why this is the case (automatic confidentiality disclaimers produced by IT systems will not, in themselves, be regarded as binding). The Independent Body will take account of such explanations, but will, and is permitted to, comply with its disclosure obligations;
- that by submitting an application for funding from the Capability and Innovation Fund, the Applicant Company represents and warrants to the Independent Body that: (A) it is not a Sanctioned Person; and (B) none of its group members, or, to the best of its knowledge and belief, Substantial Shareholders are Sanctioned Persons;
- that by submitting an application for funding from the Capability and Innovation Fund, the Applicant Company agrees that the use of the Funding Amount must be in accordance with its Business Case and will be restricted to the purposes set out in: (i) conditions 3.2(A) and 3.2(B) of the Capability and Investment Fund Terms and Conditions, and (ii) the relevant Capability and Innovation Fund Agreement; and
- that, although they may apply for more than one grant from the Capability and Innovation Fund, they shall not be entitled to receive more than one grant.

Application Guidance

The Applicant Company is expected to submit:

1. A completed Application Form which contains:
 - Applicant Company Information;
 - Eligibility Criteria;
 - Public Commitments; and
 - Authorisation.

2. A completed Business Case which contains:
 - Executive Summary;
 - Current Position;
 - Initiative Benefits;
 - Financial Analysis;
 - Implementation; and
 - Governance.

3. Any supporting evidence (as requested within the application)

Applicant Bodies are advised that the upload of any additional documents will not be permitted. Applicants must only attach requested documentation.

Applicant Bodies are advised that all responses must be in English.

During the application window, the Independent Body is entitled to request additional information and clarification of information, request one further iteration of the Business Case submitted by an Applicant Company, request face-to-face meetings and access to personnel, and make all enquiries it considers necessary or desirable in relation to the application and the Independent Body's assessment of the application. Refusal to provide such information, grant and facilitate such meetings and/or respond to such enquiries may lead to an Applicant Company's application being rejected. If the Independent Body does not receive a response from any Applicant Company within ten Business Days, the Independent Body shall be entitled to assume that such Applicant Company has withdrawn its application.

Timeline for applications

- The application window will open on November 1st at 09:00 GMT and close on December 31st at 17:00 GMT
- The deadline for questions is November 21st at 17:00 GMT
- The Independent Body expects to publicly announce the awards in February 2019

If the Application Documents are not submitted within the Application Period, the Independent Body reserves the right not to consider the application.

How to submit your application

All Application Documents must be submitted via Scout RFP (hereafter referred to as CIF Application Tool). This is a secure online portal, which the Independent Body will use to receive applications and communicate with Applicant Companies. **Only applications submitted via the CIF Application Tool will be accepted.**

The first submission will be treated as final. Acceptance of resubmissions will be at the discretion of the Independent Body but will only be granted in exceptional circumstances and it should be assumed these will not be accepted.

Given this, the Independent Body strongly recommends that only the primary contact from each Applicant Company should register for the CIF Application Tool rather than extending access to other members of their team. Applicants will be able to export the Application Form and Business Case to Excel to enable offline work.

How to submit queries

Once the Application window formally opens, all queries must be submitted through the CIF Application Tool. No questions and responses through any other channel will be acknowledged or acted upon.

You will be able to submit specific written questions regarding The Capability and Innovation Fund, Pool A. via the Scout Message Centre and you will be allowed to submit a maximum of 20 questions in any one week. Questions should be direct, specific and singular in nature. Multiple sub-questions within one question field will not be permitted and will not be responded to. The question limit will refresh at 09:00 GMT every Monday starting with the first refresh on 5th November 2018 and the last one on 19th November 2018.

Banking Competition Remedies Limited will use all reasonable endeavours to provide answers to your questions within ten working days but will exercise their sole discretion with regard to which and to what extent questions will be answered. Banking Competition Remedies Limited will share any questions and answers with any other participating bidders. Responses to questions will only be shared through the Scout Message Centre.

The deadline for questions is Wednesday 21st November 17:00 GMT.

You should nominate one individual who is responsible for submitting questions from your organisation. That person should ensure, prior to submission, that questions do not overlap with questions that have already been asked, either by your organisation or by another organisation.

Responses to Frequently Asked Questions are available on the BCR website.

Please use the CIF Application Tool to contact Banking Competition Remedies Limited should you have any queries regarding the query process or to change your nominated question submitter if required.

2. Business Case

Business Case Guidance

Applicant Companies are advised that they are expected to provide a complete answer to Question 2.1.1, the Executive Summary – this will form the primary basis of the evaluation. In addition, Applicant Companies have the opportunity to submit one attachment in their own format, with a maximum of ten pages.

Applicant Companies may choose to answer Question 2.3.1, Question 2.3.2 or both, depending on their initiative.

Applicant Companies are permitted to **submit one application per pool**, however, within an application an Applicant Company is able to **apply for multiple grants**.

Within the business case section, there are questions where Applicant Companies applying for multiple grants are permitted to submit a longer response, or provide additional attachments. This is clearly signposted in the question text. Applicant Companies should describe the core elements of their proposal within the initial word limit and use the additional word count to specify variation to their response in respect of the different amounts.

Text contained in all attachments must be a minimum of size 10 font and Applicants are advised that attachments with embedded files are not permitted. Applicants are not permitted to attach any additional documents other than those requested. Applicants are advised that no macros are permitted within Excel files.

Applicant Companies are advised that the Scout tool does not limit the word count. Applicant Companies are responsible for ensuring their answers are within the stated word count. Questions marked with a * are mandatory.

2.1 Executive Summary

2.1.1* Summarise your business case. In your response provide:

500 words. If the Applicant Company wishes to be considered for multiple grants then, a further 500 words per additional grant is allowed (maximum 1,500 words)

2.4.2* Attach a copy of the financial analysis conducted to analyse and demonstrate the merit of the initiative. In your response detail:

- (i) the amount (if any) of its own funds that the Applicant Company is proposing to invest in relation to the proposals outlined in its Business Case
- (ii) how the funds will be spent within a 3-5 year period – please include an assessment on how quickly (a) the funds will be spent, and (b) the objectives in your business plan will be achieved
- (iii) how the market and competition benefits described in Questions 2.3.1 – 2.3.3 will be delivered as a result of the investment

NB The Independent Body does not require the Applicant Body to submit projected revenue forecasts or internal profitability or return considerations. The focus of the Independent Body is on the overall investment, the use of the grant funds specifically, and the direct linkage between the investment and enhanced competition within the SME banking market. Please ensure your analysis clearly and robustly articulates these considerations.

One attachment per grant (Excel, PPT, PDF or Word)

2.4.3* Please confirm that if the Application Company is awarded a grant, the funds **will be used** to cover capital expenditure or operating expenses in relation to the following purposes:

- (i) the development of systems and/or infrastructure required to expand its Relevant Business(es);
- (ii) the recruitment and payment of employees in order to expand and/or operate the Relevant Business(es);
- (iii) the marketing of products relating to the Relevant Business(es);
- (iv) the acquisition or leasing of premises required to expand its Relevant Business(es); or
- (v) any other purpose which is (in the opinion of the Independent Body) consistent with the Overarching Principles of the fund

I confirm / I do not confirm (and comments)

2.4.4* Please confirm that if the Application Company is awarded a grant, the funds will **not be used** for any of the following purposes:

- (i) to subsidise temporary price cuts for banking products and/or services;
- (ii) to repay any existing liability;
- (iii) to provide financing directly to customers;
- (iv) to finance capital expenditure and/or operating expenses which the Pool A Beneficiary had specifically planned to incur or which had been specifically committed prior to the date of the application and: (a) that the Pool A Beneficiary would make regardless of whether or not any amount from the Capability and Innovation Fund is received; or (b) that had been included in the Pool A Beneficiary's business plan prior to the date of the application;
- (v) to return capital by any means to existing shareholders of the Pool A Beneficiary; or
- (vi) for a purpose which is inconsistent with the Overarching Principles and/or its Business Case.

I confirm / I do not confirm (and comments)

2.4.5* Outline the extent to which the Applicant Company commits to purchasing innovative financial services or software from SMEs in the United Kingdom and, if so, how such purchases would contribute to the commercialisation of such services

1,500 words
