

iwoca Ltd – Public Commitments

iwoca was born in 2012 out of the frustration that small businesses lack the access to finance they need to reach their potential. Since day one, our mission has been to finance one million small businesses and become a new leader in small business lending. To date, we have already made more than £1 billion available to more than 35,000 UK SMEs and are growing rapidly.

Despite our efforts, the SME finance market remains anaemic, with the funding gap growing to more than £10 billion. Closing this gap requires a blend of individual innovation and market collaboration. The Capability and Innovation Fund allows us to deliver on both and make finance more accessible and relevant for millions of UK SMEs.

Our public commitments are centred around two objectives: expand our product range by introducing intuitive, simple, and price competitive products, and launch OpenLending—a new approach that enables partners to customise iwoca credit solutions for their small business customers.

With the support of the CIF and through our public commitments, we will expand our customer base to 150,000 SMEs, make at least £5 billion of financing available and reach £1.4 billion loans under management by the end of 2023.

COMMITMENT 1: SERVE A WIDER RANGE OF SME NEEDS BY INTRODUCING A NEW LOAN PRODUCT THAT DOES NOT REQUIRE A PERSONAL GUARANTEE

Personal guarantees play an important role in enabling finance for early-stage businesses. However, as businesses evolve, their financing options should follow suit.

With the support of the CIF, we will leverage our award-winning technology and risk expertise to develop a new product that does not require a personal guarantee. We will use an asset debenture structure to break the link between business and personal credit. We will also make it paperless and deliver a decision in hours rather than weeks or months.

We commit to ensure this product is more competitive than unsecured market alternatives. We further commit that it will be available across our channels by Q1 2021, by the end of 2023 we aim to have originated £250 million.

COMMITMENT 2: LAUNCH IWOCAPAY, A BETTER ALTERNATIVE TO FACTORING FOR SMALL BUSINESSES

70% of our customers have used our credit facility to finance the gap between issuing an invoice and receiving or making payment. By introducing iwocaPay, we will take our financing solution to where small businesses need it most: finance at the point of invoice. Through iwocaPay, we will alleviate the burden of late payments which impacts millions of UK SMEs.

iwocaPay creates a win-win credit service for small business sellers and buyers. It will provide SME sellers with the option to extend flexible payment terms to SME buyers while getting paid immediately. This means that iwocaPay enables buyers to choose the payment terms that work best for their cash flow, up to 90 days post invoice receipt, while guaranteeing prompt payment to the seller on a non-recourse basis.

We commit to making iwocaPay a more competitive and accessible alternative to factoring for SMEs and available on a 'single invoice' basis, maximising the product's flexibility. We further commit to launching iwocaPay in Q2 2020, by the end of 2023 we aim to have financed 40,000 transactions.

COMMITMENT 3: CO-DEVELOP CUSTOMISED CREDIT PRODUCTS WITH XERO, THE UK'S LEADING SME ONLINE ACCOUNTING SOFTWARE PLATFORM

To bring finance to 463,000 Xero subscribers, with the support of the CIF, a joint development team of Xero and iwoca staff will research, prototype and pilot iwoca lending products for Xero. These customised products will be seamlessly embedded and accessible within Xero's interface and core customer journeys—a first for Xero.

Our shared aim is to deploy a competitive range of lending products that will be easily accessible by Xero's 463,000 SME subscribers by the end of Q2 2021.

COMMITMENT 4: LAUNCH OPENLENDING TO FACILITATE THE EXPANSION OF SME FINANCING SOLUTIONS THROUGH THE ENTIRE ECOSYSTEM

We strongly believe in the benefits of a connected and cooperating marketplace. In fact, thousands of customers have reached us via bespoke API integrations with selected partners like Tide. OpenBanking has been a game-changer for us and, looking ahead, we see a huge opportunity in OpenFinance—the most recent initiative by the Bank of England to establish a data standard and portable digital identity for SMEs.

In this spirit, with the support of the CIF, we will launch OpenLending, a self-serve platform that opens up our lending stack to the entire ecosystem of BCA providers, FinTechs, brokers, accountants and bookkeeping platforms.

We will establish a dedicated full stack team that will make OpenLending fully operational. We will build features that enable partners to customise products, such as term, price or commission. Through customisation, our partners will create and deliver a proliferation of new products that are relevant and accessible to their SME customers.

We commit to launch OpenLending by the end of 2020. By the end of 2021, we commit to integrating 10 new partners including our pilot with Xero; and by the end of 2023, we commit to having at least 25 new partners and aim to originate at least £400 million through OpenLending.

COMMITMENT 5: DECENTRALISE TO BETTER SUPPORT OUR GEOGRAPHICALLY DIVERSE CUSTOMER BASE

Underpinning our commitments is our persistent dedication to service. As we grow and reach new SMEs, we must ensure new customers receive the same level of service we have provided since day one. To do this, we must grow and tap into talent pools beyond London.

We focus on serving all UK SMEs and 79% of our current customers reside outside of London.

To better serve our customers, we commit to opening a regional office in Glasgow, Edinburgh, Leeds or Bristol and hiring at least 50 staff by 2023. New staff will cover a range of roles, including developers, customer support and relationship managers.

COMMITMENT 6: MATCH BCR GRANT WITH AT LEAST £13 MILLION OF OUR OWN FUNDS

To demonstrate our shared responsibility and deliver on our commitments, we commit to provide at least £13 million of our own funds.
