Starling – £100m Award

As at the end of June 2022, Starling had exceeded its 2023 year-end target of 452,000 SME customers, which represents a market share of 8.1%. Starling remains open for new SME customers.

Starling customers have benefited from the launch of a number of initiatives as a result of the CIF grant. Its key achievements to the end of June 2022 are as follows:

- Over 54,000 SME businesses have directly benefited from the £2.4bn of lending made available. Starling has launched advanced credit decision functionality to enhance its underwriting capabilities. Starling has already exceeded its 2023 cumulative CIF lending target of £913m.
- SMEs can supercharge their business banking activities through a range of new digitally enabled banking solutions, offering a range of products and services including:
 - Starling’s Business Toolkit helps freelancers and business owners look after their own books with smart features for invoicing, expenses, VAT and more.
 - New Euro and US dollar accounts: allowing customers to hold currencies, spend on cards and make and receive payments.
 - Business customers can pay in cheques using Starling’s cheque imaging initiative to scan and deposit cheques via their mobile device.
- SMEs are also benefiting from new digital led engagement channels:
 - Our multi-director access initiative enables onboarding and debit card availability for additional directors.
 - Starling’s SME web portal provides online banking from a desktop or laptop, or direct from their mobile device. Additionally, those who use tablets can use our tablet app.
- SMEs have access to Starling’s digitally-enabled support:
 - Customers can use Starling’s proprietary internal chat system, providing them with 24/7 customer support for certain simple queries and tasks.
 - Starling’s data-driven decision making intelligently matches customers with the right specialist for their needs.
- Starling’s innovative approach has enabled SMEs to access a marketplace of services:
 - Starling’s Marketplace - working with 26 partners to offer products and services ranging from accounting to life insurance
 - SMEs can easily compare key components of Starling’s products (e.g. price, fees, customer rating and eligibility) with those offered by competitors through the bank’s product comparison tool.
- Starling has supported its proposition with a range of Intelligent Tools:
 - Customers receive tailored in-app suggestions via the “Starling Suggests” initiative.

The above has been achieved whilst consistently delivering on Starling’s recruitment, diversity and geo-location inclusion targets.

Metro Bank – £70m Award

- In April 2022, we launched our Revolving Credit Facility product, helping larger, more complex businesses better manage cash flow peaks and troughs during this period of wider economic uncertainty.
- Since December 2021, we have been progressively rolling out our new Business Overdraft product across stores, helping our customers better manage their cashflow, providing quicker access to funding and pre-approved limits. A critical foundation to deliver this enhanced SME lending experience, is our new digital credit platform, allowing real time automated credit underwriting.
- We launched our new Enhanced Foreign Exchange proposition – giving customers access to real rates via a new-and-improved digital journey.
- In August 2021, we opened our fourth new store in the North of England in Bradford. This follows openings in Manchester, Liverpool and Sheffield and has resulted in 64 jobs created so far in the North of England, including 9 apprentices.
- In June 2021 - to further support the UK's small business community - we launched a Metro Bank SME brand campaign. The campaign focused on our dedication to helping small businesses thrive via the special relationship we have with our customers, and involved giving three Metro Bank customers their very own national advertising campaign.
- In March 2021, we launched in-app invoicing for business customers – allowing quick creation, tracking and management of invoices, all from within the Metro Bank mobile app. Customers can also add their business's logo to each invoice for additional personalisation.
- In February 2021 we began a phased launch of our business current account online application process for multi-director businesses, ahead of a successful public launch in April 2021.
- Over the first two years of programme delivery (2019/2020) we launched a range of new products, services and partnerships to better support SMEs.
 - Business current account online application process for single-director businesses.
 - Offering Government-backed loans to our business current account customers. By the end of 2021 we provided 38k loans and £1.7bn to UK businesses.
 - New receipt management functionality into our mobile app, letting businesses capture and store receipts, which get automatically matched to the customer's transaction history.
 - Partnership with Canadian fintech Sensibill to offer receipt management technology to SMEs via the Metro Bank mobile app.
 - Artificial-intelligence-led 'Business Insights' capability into the Metro Bank mobile app – helping businesses manage their cash flow and make more data-driven decisions.
 - Partnership with Enterprise Nation, a leading provider of advice and expertise to small businesses in the UK. The new collaboration offers a range of benefits for Metro Bank's business customers, including a year's free membership to Enterprise Nation which would usually cost £99.
 - A new partnership with cloud accounting provider Clear Books, offering easy accounting software with free bank feeds and exclusive discounts to Metro Bank small business customers.

- And finally, throughout 2019 and 2020 we improved payments services for businesses with a range of new propositions.
 - Physical sweeping functionality, helping businesses to manage their liquidity with automated rules for transferring funds between their accounts.
 - We became a direct participant of Bacs, the Pay.UK-operated payment system, helping enable Direct Debit origination for business customers through a new partnership with Bottomline Technologies. This followed with an initiative to enable Direct Debit origination, letting business customers create, automatically collect, and manage payments with their own customers via Direct Debit.
 - Trade Services capabilities – offering Letters of Credit and Documentary Collections.

ClearBank – £60m Award

- Achieved c.6.8 (7.8% including Pool E) market penetration with 434,333 members and are now one of the leading SME challengers in terms of BCAs; creating a true SME alternative to high street banks.
- ClearBank has signed a legally binding agreement with each of Apax Digital, CFFI and PPF for several related primary and secondary transactions up to £175 million, subject to regulatory approval. Although these funds are not required to support the delivery of the CTBB proposition, it emphasises the impact within market.
- Built significant awareness at 44% prompted brand recognition.
- Step-change delivered advanced business financial platform functionality including advanced invoicing, digital tax and intermediated credit; first acquiring proposition being rolled out.
- Easier switching with expedited onboarding and trial switching for established business using open banking live; work on CASS is progressing.
- Integrated 16 SME solution partners.

Investec Bank PLC - £15M Award

We maintain strong progress in the development of our propositions and remain on track to achieve our public commitments. We are currently supporting over 5,500 clients through our new products, which we continue to build upon as we strive to provide market leading offerings and an out of the ordinary client experience for UK SMEs.

- We are delighted to have won in the category for “Best Business FX Provider” in the Business Moneyfacts awards 2022 for a second year running. This is a fantastic recognition and representation of the capability and service that we are providing to our FX clients.
- We have automatically approved lending to over 1,200 SMEs using our new automated credit decision capability. This new tool enables us to make fast and consistent underwriting decisions to our brokers.
- We remain focused on supporting our customers through the current challenges. We have lent over £186m to 1,100 SMEs under the Coronavirus Business Interruption Loan, Bounce Back Loan and Recovery Loan Schemes.
- We have directly employed 37 people to date for the CIF project, covering several essential product and technical delivery roles.

The Co-operative Bank PLC - £15M Award

In Q2 2022, we have continued to see strong customer feedback and increasing adoption of our new services. We also expanded the range of value-added services available to our SME customer base:

- We launched a new referral process with our new sustainability partner, Zellar, as we build out the range of Value-Added Products and Services available to our SME customers. Zellar is a software platform for SMEs to measure, manage and improve their sustainability journey, providing bespoke plans and support for SMEs to improve their sustainability practices and reach Net Zero.
- We have continued to see excellent customer feedback from our new onboarding journey, with customer NPS for this new journey remaining high at +70.
- We have continued to drive digital adoption, with 28% of our SME customers now registered for our mobile app, an increase of 2% in Q2 2022.

Atom Bank - £10M Award

- Atom has responded to the challenge of COVID-19 and released its balance sheet to support the economy, with over £1.6bn of applications received for our secured lending CBILS and RLS products.
- As of 30th June 2022, £319m of CIF attributable secured lending has been completed, with an additional £67m in the pipeline.
- We have deployed the build of 'Portal Lite', the first iteration of our Next Generation Broker Portal to our intermediary partners.
- Achieved a market leading customer Net Promoter Score (NPS) of +88. This is the highest score we have ever received for any product since we launched Atom in 2016 and surpasses our 2025 BCR target.
- We have built a radically enhanced pricing engine and quote tool that enables us to give a quote on a secured lending application, often the hardest to quote on quickly, within 60 seconds. This addition allows brokers offering secured business loans to self-assess and create an indicative quote within the portal before submitting an application.
- Delivered our first fixed rate business lending product, to provide consumers with the ability to benefit from the certainty of fixed payments as we enter a rising interest rate environment.
- Since receiving the CIF grant, Atom has built the underlying infrastructure for its small business app in partnership with our strategic partner Thought Machine. We have also completed the underpinnings of our smart lending and savings platform with Thought Machine.
- Atom has introduced a range of open data capabilities into our stack, including Open Banking and Accountancy, facilitating automated underwriting assessments, real-time decisions and improving the customer experience compared to traditional paper-based processes.
- We have launched our closed online community for SMEs - 'The Kitchen' - allowing small businesses to offer their feedback and be actively involved in prioritising our product roadmap.

- We are working with Newcastle University, the Federation of Small Businesses and the NE Chamber of Commerce on the build out of our proposition and the reduction of financial bias in lending decisions.
- Atom is creating high quality jobs in the North East of England, including roles in Data Science and Engineering. To date, associated with our BCR programme, 41 people have joined Atom, including 7 graduates.
- We have made a commitment to adhere to the Standards of Lending Practice for the benefit of all our business lending customers and have become an interim-registered firm with the Lending Standards Board.

iwoca Ltd - £10M Award

- During Q2 2022, we introduced further enhancements to our iwocaPay product, allowing iwocaPay sellers to more easily embed iwocaPay into invoices, ecommerce checkouts and offline transactions.
- We have now completed the final development work for the Xero integration and the process of applying for loans up to £750k is now incredibly quick & seamless. Xero users are now able to share transaction data and company accounts data with a single click as part of their application, so that this information can be used as part of the credit assessment process with iwoca.
- We continued to progress development of integrations with a number of new partners, with one due to launch their integration early in Q3 2022 which will take our total partners onboarded to date to 14 once live.
- During Q2 2022 we built a number of new API features for our Open Lending platform, such as a new version of our reporting endpoint which allows partners to access bulk reports and we also made improvements to the accuracy of the quotes that we provide to partners
