CIF Pool A Key Achievements as of 30 September 2022

Starling – £100m Award

Starling has now met and exceeded both its five-year customer target of 452,000 customers and its market share target of over 6.7%, with a market share in excess of 8.1%.

Starling customers have benefited from the launch of a number of initiatives as a result of the CIF grant. Its key achievements to the end of September 2022 are as follows:

- Over 54,000 SME businesses have directly benefited from the £2.4bn of lending made available. Starling has launched advanced credit decision functionality to enhance its underwriting capabilities. Starling has already exceeded its 2023 cumulative CIF lending target of £913m.
- SMEs can supercharge their business banking activities through a range of new digitally enabled banking solutions, offering a range of products and services including:
 - Starling’s Business Toolkit which helps freelancers and business owners look after their own books with smart features for invoicing, expenses, VAT and more.
 - New Euro and US dollar accounts: allowing customers to hold currencies, spend on cards and make and receive payments.
 - Business customers can pay in cheques using Starling’s cheque imaging initiative to scan and deposit cheques via their mobile device.
 - SMEs are able to make high value payments in app up to £1m.
 - Starling’s SME overdraft product provides customers with a short-term line of credit that can be drawn down in multiple tranches on a pre-approved limit.
- SMEs are also benefiting from new digital led engagement channels:
 - Our multi-director access initiative enables onboarding and debit card availability for additional directors.
 - Starling’s SME web portal provides online banking from a desktop or laptop, or direct from their mobile device. Additionally, those who use tablets can use our tablet app.
- SMEs have access to Starling’s digitally-enabled support:
 - Customers can use Starling’s proprietary internal chat system, providing them with 24/7 customer support for certain simple queries and tasks.
 - Starling’s data-driven decision making intelligently matches customers with the right specialist for their needs.
- Starling’s innovative approach has enabled SMEs to access a marketplace of services:
 - Starling’s Marketplace - working with 26 partners to offer products and services ranging from accounting to life insurance
 - SMEs can easily compare key components of Starling’s products (e.g. price, fees, customer rating and eligibility) with those offered by competitors through the bank’s product comparison tool.
 - Business Customers are able to view balance information from accounts held at other banks when accessing their account in Starling's Online Banking.
- Starling has supported its proposition with a range of Intelligent Tools:
 - Customers receive tailored in-app suggestions via the “Starling Suggests” initiative.

The above has been achieved whilst consistently delivering on Starling's recruitment, diversity and geo-location inclusion targets.

Metro Bank – £70m Award

- In July 2022, we launched our Business Overdraft product in our Mobile App – the first ever lending product available via mobile in Metro Bank.
- In April 2022, we launched our Revolving Credit Facility product, helping larger, more complex businesses better manage cash flow peaks and troughs during this period of wider economic uncertainty.
- Since December 2021, we have been progressively rolling out our new Business Overdraft product across stores, helping our customers better manage their cashflow, providing quicker access to funding and pre-approved limits. A critical foundation to deliver this enhanced SME lending experience, is our new digital credit platform, allowing real time automated credit underwriting.
- We launched our new Enhanced Foreign Exchange proposition – giving customers access to real rates via a new-and-improved digital journey.
- In August 2021, we opened our fourth new store in the North of England in Bradford. This follows openings in Manchester, Liverpool and Sheffield and has resulted in 64 jobs created so far in the North of England, including 9 apprentices.
- In June 2021 - to further support the UK's small business community - we launched a Metro Bank SME brand campaign. The campaign focused on our dedication to helping small businesses thrive via the special relationship we have with our customers, and involved giving three Metro Bank customers their very own national advertising campaign.
- In March 2021, we launched in-app invoicing for business customers – allowing quick creation, tracking and management of invoices, all from within the Metro Bank mobile app. Customers can also add their business's logo to each invoice for additional personalisation.
- In February 2021 we began a phased launch of our business current account online application process for multi-director businesses, ahead of a successful public launch in April 2021.
- Over the first two years of programme delivery (2019/2020) we launched a range of new products, services and partnerships to better support SMEs.
 - Business current account online application process for single-director businesses.
 - Offering Government-backed loans to our business current account customers. By the end of 2021 we provided 38k loans and £1.7bn to UK businesses.
 - New receipt management functionality into our mobile app, letting businesses capture and store receipts, which get automatically matched to the customer's transaction history.
 - Partnership with Canadian fintech Sensibill to offer receipt management technology to SMEs via the Metro Bank mobile app.
 - Artificial-intelligence-led 'Business Insights' capability into the Metro Bank mobile app – helping businesses manage their cash flow and make more data-driven decisions.

- Partnership with Enterprise Nation, a leading provider of advice and expertise to small businesses in the UK. The new collaboration offers a range of benefits for Metro Bank's business customers, including a year's free membership to Enterprise Nation which would usually cost £99.
- A new partnership with cloud accounting provider Clear Books, offering easy accounting software with free bank feeds and exclusive discounts to Metro Bank small business customers.
- And finally, throughout 2019 and 2020 we improved payments services for businesses with a range of new propositions.
 - Physical sweeping functionality, helping businesses to manage their liquidity with automated rules for transferring funds between their accounts.
 - We became a direct participant of Bacs, the Pay.UK-operated payment system, helping enable Direct Debit origination for business customers through a new partnership with Bottomline Technologies. This followed with an initiative to enable Direct Debit origination, letting business customers create, automatically collect, and manage payments with their own customers via Direct Debit.
 - Trade Services capabilities – offering Letters of Credit and Documentary Collections.

ClearBank – £60m Award

- Now one of the leading SME challengers in terms of BCAs; creating a true SME alternative to high street banks.
- Achieved c.8.4% market penetration; 460,820 members.
- Built significant awareness at 50% prompted brand recognition.
- Completed integrating a wide range of business registration options from company to domain registration.
- Easier switching with expedited onboarding and trial switching for established businesses using open banking live.
- Integrated 21 SME solution partners.

CIF Pool B Key Achievements as of 30 September 2022

The Co-operative Bank PLC - £15M Award

In Q3 2022, we continued the final delivery of our Business Case, including the launch of two new services for our SME customers:

- We launched a new secure messaging service, using functionality from our new fintech partner Nivo to provide our customers with a new digital servicing channel and a new route to receive support from the Bank.
- We launched an updated invoicing app, Go Get Paid, in partnership with BankiFi, providing customers with a way to issue digital payment requests to help them get paid quicker and keep their cash flow moving. This service is available to all UK SMEs, and is free for Co-operative Bank customers.

Investec Bank plc - £15M Award

We maintain strong progress in the development of our propositions and remain on track to achieve our public commitments. We are currently supporting over 6,600 clients through our new products, which we continue to build upon as we strive to provide market leading offerings and an out of the ordinary client experience for UK SMEs.

- We are delighted to have released a first iteration of a new Business Current Account to a select group of clients. As we deliver additional functionality and controls, we will expand the client base throughout the remainder of 2022.
- We are using our automated credit decision capability to automatically approve lending decisions to specific segments of our client base, and we will look to selectively expand this to other client segments. However, we remain committed to providing access to our people where needed.
- We remain focused on supporting our customers through the current challenges. We have lent over £189M to over 1,100 SMEs under the Coronavirus Business Interruption Loan, Bounce Back Loan and Recovery Loan Schemes.
- For this project, we have directly employed 37 people to date, covering several essential product and technical delivery roles.
- We have entered a partnership with a specialist SME to deliver “intelligent insights” to our Working Capital clients by using a rich stream of data from multiple sources to help them manage and extend their customer base.

CIF Pool C Key Achievements as of 30 September 2022

Atom Bank - £10M Award

- Atom has responded to the challenge of COVID-19 and released its balance sheet to support the economy, with over £1.7bn of applications received for our secured lending CBILS and RLS products.
- We have been accredited for the third phase of the British Business Bank's Recovery Loan Scheme, the first non-high street lender to begin lending under the programme.
- As of 30th September 2022, £351m of BCR attributable secured lending has been completed, with an additional £70m in the pipeline.
- We have deployed the build of 'Portal Lite', the first iteration of our Next Generation Broker Portal to our intermediary partners.
- Achieved a market leading customer Net Promoter Score (NPS) of +88. This is the highest score we have ever received for any product since we launched Atom in 2016 and surpasses our 2025 BCR target.
- We have built a radically enhanced pricing engine and quote tool that enables us to give a quote on a secured lending application, often the hardest to quote on quickly, within 60 seconds. This addition allows brokers offering secured business loans to self-assess and create an indicative quote within the portal before submitting an application.
- Delivered our first fixed rate business lending product, to provide consumers with the ability to benefit from the certainty of fixed payments as we enter a rising interest rate environment.
- Since receiving the BCR grant, Atom has built the underlying infrastructure for its small business app in partnership with our strategic partner Thought Machine. We have also completed the underpinnings of our smart lending and savings platform with Thought Machine.
- Atom has introduced a range of open data capabilities into our stack, including Open Banking and Accountancy, facilitating automated underwriting assessments, realtime decisions and improving the customer experience compared to traditional paperbased processes.
- We have launched our closed online community for SMEs - 'The Kitchen' - allowing small businesses to offer their feedback and be actively involved in prioritising our product roadmap.
- We are working with Newcastle University, the Federation of Small Businesses and the NE Chamber of Commerce on the build out of our proposition and the reduction of financial bias in lending decisions.
- Atom is creating high quality jobs in the North East of England, including roles in Data Science and Engineering. To date, associated with our BCR programme, 43 people have joined Atom, including 7 graduates.
- We have achieved full registration of the Lending Standards Board (LSB). Registration with the LSB further confirms this commitment — beyond our regulatory obligations — to treating customers fairly and providing responsible lending outcomes throughout the product life cycle.

Funding Xchange Ltd – £5m Award

- We are in line with our plan with respect to expanding our Lender Relationships and the suite of liquidity options across the platform having onboarded an additional 30 lenders since BCR funding. We are seeing financing offered and disbursed increasing quarter on quarter in the lending markets which suggests a slow and gradual return to increased liquidity in the SME lending markets.
- Our CIF funded portfolio monitoring solution is getting significant commercial traction. We are live with three clients to date.

Previs Ltd – £2.5m Award

- We continued to make very strong progress with the Good Business Pays campaign in Q3 2022. To date over 78,000 businesses have used the online tools we have made available to improve transparency on payment practices.
- We continue to see strong traction with suppliers that have identified a current need and our InstantFinance solutions are now available to over 75,000 SMEs with just under £22m advanced to date.
- Work has continued during Q3 2022 with a large global bank (with a strong UK presence) to deploy InstantFinance powered solutions to SMEs. Due to internal delays within the bank this continues to lag expectations; however, we continue to experience strong engagement and we are expecting an initial launch in early Q4 2022.
- We continue to see good traction with the SMEs that our InstantFinance underwritten products are available to, and the activity delivered in Q3 2022 has been successful in generating £18.6m of qualified opportunities which is up £15m since the Q2 2022 reporting period.
- During Q3 2022, new approaches to enable partners to leverage the InstantFinance platform have been designed in collaboration with a Top Tier Global e-invoicing and financing platform provider.

Ebury Partners Ltd – £2.5m Award

- In August 2021, we released the first of our deliverables in creating a digital suite of products, through creating an integrated way for clients to use an FX spot or drawdown from an existing forward when submitting financing requests. This deliverable enhances the client experience, making it easier and faster to submit requests to finance their invoices. It also has downstream benefits internally which further improves the client experience.
- In November 2021, we released the second of our main deliverable, allowing clients to self-serve online. In addition to having their FX instruments integrated at the point of

financing, clients now have the functionality to manage their credit line themselves. The self-serve platform includes detailed financing information, overdue and upcoming payment alerts, downloadable reports among others. This not only improves the client experience but also streamlines the way in which we handle trades from an operational perspective.

- In December 2021, we reached our target of lending £42m to UK SMEs who continue to benefit from the deliverables in August and November 2021. The loan book continues to grow with these enhancements being a critical part of the growth.
